Only one for me

**

As far as the eye can see

As close as your face to meâ€¦

I saw you standing in the corner of the ball

Did you even notice me I felt so small

Your gaze seemed only to pierce through me

But I would not let you be

A dance of girl meets boy

The stars embrace fell lightly upon

As did comets and beyond

Then as I left your solemn face

With out a glimpse nor even a date

We met again, as was fate

The fight for freedom of one country and a girl

To test the limits and not to curl

One mans fall into an evil plan

And if I can

To save you from your darkest demons

And figure out all your feelings

I feared the fate that came for me

But then as you pushed it away, don't you see

You had to be the only one for me

Your coldness brushed aside

And my lack of concern abide

That's how things began to change

Funny how things are arranged

As my last breath seemed lost

You tried to save me at any cost

No matter, even to cross the stars

And as I drifted through the empty far away space

I could here your voice calling my name as a safe base

Save me again my black knight

And guide me away from the light

So I may join your shadowed ways

To keep the rest of the world at bay

Could feeble touch

Even grasp the way I felt for you so much

Hold me in your strong embrace

So I never have to face

The garish light

Only our night

Promise to meet me at least half way

And always stay

No one could keep us apart

The Sorceress' great rise

Followed by her arduous demise

And as to finally be there together

Fate would sever

But open your eyes

To the now blue skies

And for so long I waited to see that smile

Going through a strenuous trial

Under the moons immense glow

And the stars that hung low

Your face so close I could never miss

And it ends with a sweet kiss
